*Project Scope:* (In 2 sentences, describe the scope of the project being supported by the Student Services Fee including the student priorities that will be met)  
This Funding was used to renovate the old cellar restaurant into the New Cellar Bistro. We renovated the stage, seating, repainted and redesigned, added walls, plasma screens, and a new menu.

*Outcomes:* (What were the targeted outcomes and were they met? For example, the project was able to provide 20 additional students a month with counseling; 50 additional grad students were able to attend conferences; Safe Ride expanded its services by 20 hours a week. Please include data (graphs, budgets, numbers.)  
This new concept provides students with a healthier menu concept.

*Student Response:* (Summarize the impact this project has had on students, including the number of students served and/or the type of service provided)  
The increase sales show that students embrace the new concept and atmosphere.

*Attempts to Obtain Additional Funding:* (Please provide attempts that have been made to obtain additional funding for this project outside of Student Services Fees including attempts to collaborate with other departments/units in order to sustain the project)  
No new attempts. This concept has increased sales and we expect this to support the venue.
