Department Name: Arizona Student Unions
Project Supported by Student Services Fee: Union Sustainability Initiatives (265892)
Amount of Award: $32,300 Project Type: Programs & Materials # Years Funded: 1
Contact Person: Larry Jones Contact Information: 621-1417

Project Scope: (In 2 sentences, describe the scope of the project being supported by the Student Services Fee including the student priorities that will be met)
As a portion of the Sustainability Programs allocation was targeted for replacing the existing urinals with a waterless urinal in all bathrooms in SUMC and PSU to reduce water usage the remaining portion was to support the initiatives of Younion Aid. Younion Aid is designed to meet the desire of our student population to become more sustainable via education and projects.

Outcomes: (What were the targeted outcomes and were they met? For example, the project was able to provide 20 additional students a month with counseling; 50 additional grad students were able to attend conferences; Safe Ride expanded its services by 20 hours a week. Please include data (graphs, budgets, numbers.)
To date, all 24 urinals at SUMC have been replaced with a new waterless urinal and all 6 urinals at PSU have been replaced. There are no remaining urinals in either building that utilize water as a part of its operation. Still to be completed during January will be to remove the angle stops that originally provided water to the old urinal and cap the remaining pipe, and install signage at each urinal location with an educational message regarding the switch.

Younion aid as successfully recruited 8 students onto its committee and has begun planning its first major education blitz with new Union Recycle bins and the creation of a “Renew the U” day where staff and student volunteers will clean and repair the Unions in order to protect it from needing more expensive repairs in the future.

Student Response: (Summarize the impact this project has had on students, including the number of students served and/or the type of service provided)
To date, there have been no negative comments received regarding the waterless urinals.

Volunteer numbers will be available for the June report on the “Renew the U” initiative.

Attempts to Obtain Additional Funding: (Please provide attempts that have been made to obtain additional funding for this project outside of Student Services Fees including attempts to collaborate with other departments/units in order to sustain the project)
None

Other Funding Sources: (Provide a summary of other funding sources secured to maintain this project, if any, beyond the funding by Student Services Fees)
None

Provide: (Not Necessary in June Report) The amount of the award spent to date, the use for the remainder of the year and highlight any projected unused balance.
