Academic life

The academic picture at the UA is vast and filled with learning options limited only by the imagination. Opportunities abound for undergraduate research and interdisciplinary studies alongside conventional courses of study. Whether you are a scientist, engineer, philosopher, fine artist or a combination of those, the UA will not only meet your needs, but surprise you by surpassing your expectations. Go to admissions.arizona.edu/colleges.

Financing your college dream

The Fiske Guide to Colleges calls the UA a “Best Buy” for good reason. Our $5,542 in-state tuition rate and $18,676 out-of-state rate are more affordable than most of our peers.

UA students benefit from a wide variety of institutional, federal and state financial aid programs that include scholarships, need-based grants and discounted student loans. There also are plenty of employment opportunities on campus and in the local business community. Go online to financialaid.arizona.edu to explore all your financing options.

Student life

The University of Arizona makes a fantastic second home. With our movie theater, recreational center and games room, your entertainment is more than covered — and you’ll always find great food and a variety of dining options at the student unions. Then, pick from over 500 student clubs and organizations and add to your list of friends. And don’t worry about getting around campus; we’ve got Safe Ride, Cat Tran, and lots of maps. Whatever you do, don’t forget to grab your red and blue when it’s time to Bear Down! Go to admissions.arizona.edu/life.
